SCARLETT is a female that we have always appreciated for how angular she is through her shoulder. She is very sound on the move and one we think could be very competitive with a halter. Her young dam is one that you always stop and look at, wedge shaped, with a great udder. Excellent potential in this female.

Here is a sweet PIE CINCH 4126 daughter. She is sharp fronted with plenty of muscle shape and is very sound on the move. My niece showed her all summer and did very well.

This guy has been a standout since day one and has continued to impress. A dark cherry red DOMINION steer that has the combination of balance, style and eye appeal that will make him a standout in a Purebred Red Angus steer or AOB class. He is super correct, level topped, big hipped, stands on a large foot, big boned and clean fronted. This will be a fun steer to show! Super friendly and will certainly catch the judges attention.
